

ANCOL®

Est. 1971

CATALOGUE 2024/25

At Ancol, we know how important it is to develop new and innovative products that excite our loyal customers and generate new growth opportunities, especially during these challenging economic times. 2024/25 is no exception and we are delighted to be bringing over 300 new products to market.

We are particularly pleased to introduce Örva, a new sub-brand specialising in enrichment and mental stimulation for dogs. We have also created a vibrant new Playtime brand identity which complements exciting new additions, including Cuddly Cacti and Fluffy Moths!

Our coat collection has been refreshed too. Our best-selling Stormguard range has been expanded with the addition of a new lightweight Soft Shell raincoat. The Heritage Collection has been reinvigorated by a variety of designs in the much-loved all-weather style. We have expanded our range of colours across all categories, including the new Snug Fit collection of cosy Jumpers and Fleeces, perfect for the winter months.

Our Viva range has a new fully adjustable Exercise and Travel Harness available in all Viva colours. We have also designed a fabulous new Nautical & Coral pattern for our Soho Pet Collection and created a technically innovative Extreme+ range, suitable for larger dogs.

We have breathed new life into Hungry Paws with a range of stylish feeding products and rejuvenated our Cat Furniture collection with new must-see products.

We are proud to be an accredited Living Wage employer. We value our team tremendously and as a family owned and run company, we want the whole team to benefit from Ancol's success. We are also proud to promote our teams hard work by placing emphasis on British Made products which are expertly crafted by our skilled team.

We are really happy with our comprehensive new 2024/25 collection and hope you are too! We love hearing your feedback, so please do get in touch with any feedback or queries, either via our sales office team at sales@ancol.co.uk or via your representative.

Adam Marsden

Adam Marsden
Head of Sales & Marketing

Many of our staff members have been with us for 10, 20, 30 and even 40 years! Treating our staff well is the key to our impressive employee retention statistics; we are proud to be an accredited Living Wage Employer. This voluntary investment in our staff reflects our belief that our wonderful workforce deserve excellent working conditions and pay.

Sedex is an organisation which encourages and manages social and environmental sustainability to our supply chain. Over 74,000 global companies have chosen Sedex as their trusted partner. 1 in 10 Fortune 500 companies are Sedex members, 28 million workers around the world are impacted by 74,000 globally audited companies.

Manufacturing 2030 is a worldwide organisation that helps empower manufacturers and suppliers alike to cut emissions by at least 50% by 2030. They enable the bold, collaborative action to make the changes necessary to tackle the climate crisis.

OUR PROMISE TO THE ENVIRONMENT

We are committed to reducing the impact of our business on the environment. How? It's simple, by making small conscious changes across the business.

IN HOUSE

At Ancol we recycle 100% of polythene, cardboard and wooden pallet waste. We are compliant with waste regulations and are participating in Manufacturing 2030, an industry wide program to reduce carbonisation.

Our solar panels make us 85% self sufficient for electricity and allow us to save 17.5 tonnes of CO² every year. We have also invested in EV's and ultra-low polluting vehicles for our fleet.

PRODUCTS

Every possible opportunity to reduce plastics and packaging on our product range has been undertaken.

We fill our toys and beds with recycled stuffing as standard, we have dedicated ranges that are made using 100% recycled materials. We have a program of development to remove plastic packaging and be 'plastic free' in the near future on most of our product ranges.

MENTAL ENRICHMENT for Clever Dogs

Örva is an innovative new range designed to **feed the canine brain** with mental enrichment and stimulation. As a dedicated team of dog lovers, we are passionate about the well-being of our canine companions and have compiled our 50 years of experience to produce a **robust solution to an age-old problem**.

Örva **harnesses the innate intelligence and curiosity of dogs** through a range of multitextured puzzles, lick toys, cuddlers and treat dispensers designed to **reduce boredom, anxiety** and subsequent **destructive behaviours**.

The Soho Pet Collection is made from recycled materials

Made in Britain.

by our skilled team

Ancol have been hand crafting leather dog collars and leads for over 50 years.

In the early days, collars and leads were hand cut, pointed and the holes knocked in by hand, pricked ready for hand stitching and hand veined for that finishing touch, all very labour intensive and very time consuming. As demand quickly increased, extra thought was urgently required and stage by stage, modern machinery was installed and processes evolved to where we are today, but never losing focus on the hand crafted, quality finish that has always been our goal.

Today, Ancol made products are known around the world for their quality and consistency, and proudly made in Britain by a third generation family company.

Traditional hand-crafted processes have been gradually replaced with modern, up-to-date machinery of the time and has evolved into a modern factory using state-of-the-art computer-controlled machines.

Machines that ensure consistent quality, ease of use for the operators and much reduced fatigue and repetitive strain, our leather cutting machine is one of the very few used worldwide for dog collar production. Our sewing machines are proven within the ultra-luxury car interior industry and produce a very good quality finished product.

We insist on vegetable tanned leather without any of the nasty chemicals often found in imported collars and leads.

All our leather is sourced from northern European cattle, and from the same trusted suppliers we've used since 1971! We are very proud of our farming standards and animal husbandry.

Bespoke Webbing

With Made in the UK becoming increasingly important, we have focussed our efforts into innovative technology allowing us to print bespoke webbing for extra special collar and lead ranges. This allows us to offer short run 100% bespoke patterns and designs inhouse with extremely short lead times, ideal for charity and promotional customers.

Get in touch with our team to find out more.

Timberwolf Collar and Lead

Timberwolf™

Crafted by our skilled crafts people here in Walsall, the world renowned centre for leather production.

The Timberwolf range starts with drum dyed vegetable tanned leather which ensures suppleness. The collar is double stitched with nylon bonded thread for strength.

Available in a range of bright colours, the Timberwolf range combines class with fashion.

Timberwolf Hound Collar

Timberwolf™

NEW

The traditional shape of the Timberwolf hound collar with its wider front was historically designed to help support the Whippet, Lurcher or Greyhound throat area prior to being released during racing.

Nowadays the hound collar is suitable for any dog who likes a wide comfortable collar.

**5X STRONGER
THAN STEEL**

Why Extreme+

Extreme+ uses a highly technical hybrid weave of super strong polyester and a polyimide material that offers incredible strength, whilst still being light-weight.

This hybrid weave is perfect for dog collars and leads due to its excellent tensile strength. This type of material is widely used in car tyre construction, bullet proof vests and racing sails where tensile strength and weight saving are paramount.

Extreme+ is rated to the same weights as Extreme but does offer greater performance benefits.

Extreme+ Collar with Grab Handle

- Easy grab handle for safety
- Enhanced webbing for strength

PLASTIC FREE POOP BAGS

These bags contain zero plastic! They are made from vegetable starch, so whilst it looks and feels like plastic it is made of compostable vegetable extracts. Don't worry, they are still just as strong as all of our other bags. Like all compostable bags they have a shelf life and are at their best for 2 years.

CORE FREE FROM 2024

As part of our ongoing commitment to reducing packaging waste, we will be removing cardboard cores from all our poop bag rolls.

Saving nearly 500,000 cardboard tubes per year!

DEGRADABLE POOP BAGS

We use EPI, a special additive in these poop bags. This converts the plastic into a degradable material meaning that in the presence of oxygen, these bags will biodegrade leaving only biomass, CO2, and water. Our bags can go to landfill but are not designed to biodegrade without the use of oxygen.

RECYCLED POOP BAGS

Made From poop bags feature 40% recycled plastic, making them strong and sturdy but still affordable. Utilising recycled plastics for waste items ensures non-virgin plastics are used up and ensuring household recycling is made use of.

**CORE FREE

- More accessible products
- Easy to use coat guide

Ergo Display Stand

Description	Code
Ergo Complete Display Pack	303000

DESIGNED BY PROFESSIONALS

SMOOTH COATS

Smooth coats are sleek and shiny. Brushing to remove dirt and loose fur keeps this coat in tip-top condition.

BREEDS INCLUDE:

- Boxer
- Dalmatian
- Dachshund
- Boston Terrier
- Greyhound
- Great Dane
- Chihuahua
- Beagle

SHORT / MEDIUM COATS

Short and medium coats are easy to groom but during moulting can shed masses of hair. Daily grooming during periods of moulting is ideal.

BREEDS INCLUDE:

- German Short Haired Pointer
- King Charles Spaniel
- Jack Russell Terrier
- Labrador
- Akita
- Border Collie
- Golden Retriever

SILKY COATS

Silky coats are characterised by long, flowing hair, which should be regularly and carefully groomed to prevent tangles and mats.

BREEDS INCLUDE:

- Cocker Spaniel
- Irish Setter
- Yorkshire Terrier
- Afghan Silky Terrier

LONG HAIR COATS

Long coats tend to be thick as well as long, meaning tangles and mats are likely. Thinning long-haired coats can help them look neat.

BREEDS INCLUDE:

- Old English Sheepdog
- Maltese
- Lhasa Apso
- Border Collie
- German Shepherd

WIRY COATS

Wiry coats are unique and don't shed. The coat can become rough to the touch; keeping the coat trimmed will make it softer.

BREEDS INCLUDE:

- Airedale Terrier
- West Highland White
- Border Terrier
- Fox Terrier
- Lakeland Terrier
- Wire Haired Pointer

CURLY / WAVY COATS

Curly and wavy coats are notorious for matting and knots as the hair curls back on itself. Daily combing helps to keep the coat free of tangles.

BREEDS INCLUDE:

- Curly Coated Retriever
- Poodle
- Portuguese Water
- Tibetan Terrier
- Bichon Frisé
- Irish Water Spaniel
- Bedlington Terrier

DOG COATS & JUMPERS

STORMGUARD®

Designed to help keep dogs warm and dry. Stylish designs and functional materials to help repel the worst of winter weather. The new Stormguard Soft Shell is the same cut as the thermally lined Stormguard, just single layer with waterproof inner coating for lightweight spring and summer wet weather protection.

Snug Fit®

A new range of coats designed more for thermal protection and style. Snug and cosy materials designed to fit and protect your dog. Cable Knit Jumpers are often worn under Stormguard coats as a base layer to help retain your dog's heat on extremely cold walks.

THE HERITAGE COLLECTION

— EST. 1971 —

A range of traditional designs that have proven popular since 1971! We have updated the design to encompass the favourite 'all weather' design which is easy to fit and offers greater protection than before.

COAT DESIGNS

All Weather
Easy to fit with chest and underbelly protection.

Snug Fit
Stretchy Cable Knit, Polar Fleece and Teddy Bear Hoodies for the cosiest of coats.

Hound
Traditional blanket coats with collar and a longer cut, ideal for Whippet, Greyhounds and other long spined dogs.

HOW TO MEASURE YOUR DOG

Two measurements are required to ensure the best fit.

Length
Measure your dog from the base of their neck to the top of their tail. Choose the coat closest to this length.

Chest Size
Measure your dogs chest circumference, all of our coats are adjustable for a comfortable fit.

Sleepy Paws®

Choosing the right bed for your dog

Oval Cushion

An oval cushion is ideal for dogs who like to lounge and spread out whilst snoozing, with soft outer fabrics for comfort.

Super Soft Cave

Cave beds provide extra cosiness, using deep filled cushions and a blanket style hood to help dogs feel safe and warm during nap time.

Mattress

For dogs who like to lounge and spread out to snooze, with dense stuffing and handle for ease of moving around.

Super Soft Plush Donut

These donuts are super soft and over stuffed beds. The high sides and deep centres particularly help comfort dogs with anxiety issues. Great for cats too!

Oval Bed

Oval beds feature thickly padded walls and a cosy base cushion, making them perfect for dogs who like to curl up to sleep.

Flat Pad

Flat Pads offer comfort, and are ideally suited for in the car, home, or inside a crate. With thick wadding and cosy outer materials.

Donut

Donut beds are perfect for dogs that like to nest and snuggle up. With thickly padded sides and base for ultimate comfort.

Square Bed

Square beds give dogs space to stretch out, with thickly padded walls for snuggling against and a cosy base cushion.

It is important for us to ensure that our production process is as simple and environmentally effective as possible at Ancol. That's why we have a state of the art fibre filling line. Our machine allows our dedicated team to blow, fill and pack our beds here in the UK.

Our fibre filling line breaks down compacted bales of recycled fibre, raking and aerating to create a soft filling to blow into our dog beds.

All of our UK-designed beds are filled on-site using 100% recycled fibre, part of our ongoing commitment to the environment.

Our beds are filled using 100% recycled fibre.

German Shepherd,
Doberman, Pointer

Size 9

32cm around the end of the muzzle, length **10cm**
Great Dane, St Bernard,
Flat Coat Retriever

HOW TO MEASURE YOUR DOG

It is important to find a muzzle that is the correct size for your dog, to keep them comfortable and to prevent the muzzle moving once fitted.

Check that the muzzle is a good fit and does not rub or pinch the dog.

Ensure that the muzzle has been fitted and accepted by your dog before using the muzzle in a public place.
